"You Get What You Put In To It"

Become recognized as a *leader* in the Chicago Events Industry

The success of our local events industry is in large part due to organizations such as the Chicago Chapter of the International Special Events Society (ISES). Members of our organization are continually being educated and are networking with others in the industry. Once a member, the best way to get the most from your membership is to volunteer as a committee or board member. The success of our organization is a result of a dedicated team of individuals who give back to their industry. The benefits of volunteering can be both personal and professional. Being an active member of ISES gives you the opportunity to get to know your peers, learn new skills from those around you, develop relationships that will help you grow your business opportunities and, most importantly, have FUN!

If you are interested in furthering your career, see the opportunities below and contact the following ISES Chicago Board members.
